Red Penalty Areas – defined by red stakes or where the incline of the bank meets the top edge of the rough/fairway.

If your ball rests between two red stakes, the line from one stake to the other determines penalty area boundary.

Out of Bounds – defined by perimeter fences or white stakes or spoon drains or ILGC rule (15th).

If your ball rests between two white stakes, the line from one stake to the other determines out of bounds.

All other areas are general area of the course.
